

2021 COMPETITIVE VOLLEYBALL

COVID-19 ADDENDUM

Marion Christian Center Facilities Agreement

As of today, 10/14/20, we are able to host a competitive volleyball season at Marion Christian Center from January 11th – March 15th, 2021!

Here are the COVID-19 requirements in order for us to play in our gym.

1. Due to the size of the Gym – NO SPECTATORS CAN ATTEND. Only Rostered Players who have an active game happening are allowed in the gym.
2. Masks are required to be worn properly by any teammates who are not actively playing (i.e. waiting to rotate onto the court). Active players DO NOT need to wear a facemask, but must put one on when they rotate off or at the end of game. Yes, there are many arguments for and against this rule but this policy is allowing us to play. Therefore we will embrace it.
3. Substituting Players will NOT BE ALLOWED. Players will only play on the teams where they are rostered.
4. Arriving players for next scheduled games are not allowed in the gym until previous games players have exited. Winning Scores may change from 25 to 20 depending on how the timing goes. We will adjust these details as the season progresses.
5. Obviously, if anyone on a team has a fever or isn't feeling well, they should not play and instead stay home.
6. Hand Sanitizer will be available and frequently used by all players.

I understand that following these policies is required by everyone involved in order for our volleyball season to move forward. I also understand that these efforts do not guarantee that I will not be exposed to CoVID-19.
